## **NEWSLETTER 27 – 8<sup>th</sup> April 2022**

Dear Parents, Pupils & Governors,

**Easter Nests** – Children in Reception have made Easter nests using chocolate and rice crispies. The pupils enjoyed watching the chocolate melt and they did their best not to eat it!

**Art & Design** – Children in Mrs Satchwell's class have been using their knowledge of proportion to create wire sculpture figures inspired by Alberto Giacometti. Once they have finished the base sculptures, they will be covering them in mod-rock, moulding them and painting them black. The pupils have also designed Tudor waistcoats and they will be making them using running stitch, back stitch and blanket stitch.

**Science** – Children in Years 3 and 4 they have been observing how materials change state in different conditions. They observed melting and freezing by melting chocolate and making ice cream – some of the children thought it was the best ice cream they had ever tasted! Mrs Satchwell has suggested the website <https://www.science-sparks.com/fun-easter-science-experiments/> for lots of Easter themed fun science activities for children.

**Easter Collective Worship** – We held our virtual Easter Collective Worship on Wednesday focusing on the events and meaning of Palm Sunday, Good Friday and Easter Sunday.
